Add as many pictures as you want. 1 DVD is included. Additional VHS copies are \$10.00. DVD-R copies are \$15.00 each (they take more time to create. They have menus and are in Dolby stereo!) Video Clips can be added. \$2.00 each clip of up to 30 sec. Use as many clips as you wish.

Number your Photos (Any size photo will do, even newspaper clippings)

It is helpful to number your photos. This will ensure that they appear in the order you want. A great way to number photos is to use sticky dots. Number the dots first. Get your pictures in order. Then, place the dots on the back of the photos. Use pencil. It won't damage your photos.

Pick Your Music

Provide music on CD or tape. If you do not have the song you wish, supply us the name of the artist and the song. We can download the song for you for **99 cents** a song from I Tunes. (Some songs may not be available)
